

Function First Physical Therapy is seeking an IPA oriented Functional Manual Therapist who has completed several IPA courses and possibly on track to complete their CFMT. We are celebrating 20 years of serving the Chelsea community proudly and humbly, with one-on-one patient care, attention to detail and patient education. Using the foundational aspects of the IPA we have flourished for 20 years in a very competitive Manhattan market and seek a part-time position with possible growth into full-time.

We are a one-on-one patient to P.T. clinic that offers 60 minutes Initial Evaluations and 30 minutes follow-ups. We are an Orthopedic/Sports/Dance medicine facility who has affiliations since 2004 with the Rehabilitation Network of Hospital for Special Surgery (HSS) and several years of serving the Dance and Performance Arts Community. We currently cover Broadway shows and job requirements would be on-site theatre coverage. Your orthopedic patient population is diverse from professional dancers to amateur competitive athletes, weekend warmers, active middle aged and seniors who love the challenges our approach offers.

Requirement:

- New York State Physical Therapy License.
- One year or more of manual therapy experience.
- Aspirations or current plans to fulfill the rigorous requirements of a CFMT.
- Willingness to learn advanced manual therapy techniques while incorporating current research into exercise science.
- Willingness to share your own ideas and experiences for the overall improvement of the clinic.

We Offer:

- Productivity Incentives once full time.
- Competitive salary discussed at first phone interview.
- Continuing Education package depending on number of hours.
- Health/Dental Insurance with IRA Plan once full time.
- CFMT on staff.

For Consideration: Apply by email to administration@functionfirstpt.com with a current resume and cover letter.
