

Pelvic Health Physical Therapist – Full Time

Medella Collective | Weatherford, Texas

Salary: \$75,000–\$110,000/year

Full-time | 30–40 hours/week

Medella Collective is seeking a **Pelvic Health Physical Therapist** to join our private-pay, whole-person practice in Weatherford, Texas.

We believe exceptional pelvic health care requires time—to listen, understand the full picture, and create an individualized plan. Our therapists typically see **6–8 patients per day in one-on-one sessions lasting 60 minutes or longer**, allowing you to provide thoughtful care without the pressure of a high-volume clinic.

About the Role

As a pelvic health PT at Medella, you'll have the autonomy to use your clinical judgment and treat beyond isolated symptoms. Our approach considers the connection between the pelvic floor, orthopedic function, breathing, pressure management, movement, pain, hormones, and life stage.

You'll also work alongside a collaborative team of physical therapists, a nurse practitioner, and movement professionals when patients benefit from coordinated care.

What You'll Do

- Perform comprehensive pelvic health and related orthopedic evaluations
- Develop individualized treatment plans for pelvic pain, pregnancy and postpartum concerns, bladder and bowel dysfunction, core and pressure-management issues, and related orthopedic conditions
- Provide internal and external manual therapy, movement retraining, patient education, and progressive exercise as appropriate
- Help patients return to exercise, daily activities, and the things that matter most to them
- Create a private, respectful environment where patients feel comfortable discussing sensitive concerns
- Complete clear, efficient documentation
- Collaborate with other Medella providers when appropriate

Who We're Looking For

You may be a great fit if you:

- Believe pelvic health should be treated as part of the whole person
- Value one-on-one care and having enough time to truly listen to your patients
- Have strong clinical reasoning and communication skills
- Are comfortable discussing sensitive concerns with warmth and professionalism
- Take initiative and pride in providing an exceptional patient experience
- Enjoy autonomy while also valuing collaboration
- Are committed to continued learning and professional growth

Required Qualifications

- Doctor of Physical Therapy or equivalent accredited physical therapy degree
- Current Texas PT license or eligibility to obtain one
- Pelvic health training and competency to practice independently
- Commitment to ethical, individualized, patient-centered care

Advanced training in areas such as pregnancy/postpartum care, pelvic pain, bladder and bowel dysfunction, sexual health, visceral manipulation, craniosacral therapy, Functional Manual Therapy, orthopedics, or other hands-on approaches is valued but not required.

Compensation & Benefits

Compensation is based on experience, specialized training, clinical skill, and the value you bring to the practice.

Salary range: \$75,000–\$110,000/year

Benefits include:

- Paid time off
- Paid holidays
- Health benefits
- Flexible scheduling
- Potential performance bonuses
- Opportunities for professional, clinical, and financial growth

About Medella Collective

Medella Collective is a private-pay, whole-person healthcare practice serving Weatherford and Parker County. We are known for listening carefully, looking beyond isolated symptoms, and providing an exceptional level of personal attention.

Our core values guide how we care for our patients and one another:

Family First • Grace Filled & God Honoring • Functionally Focused • Excellence • Whole Life Health

We're looking for a therapist who wants to do exceptional work, care deeply for people, and help us continue building something special in our community.

To Apply

Please send your resume and a short note telling us about the patients you most enjoy treating, the clinical skills you're most proud of, and what you're looking for in your next practice.
