

## We Are Hiring

**Title: Part-Time/Full Time Physical Therapist (Pelvic Floor/Ortho)**

**Location: Medella Collective - Weatherford, TX**

**Are You Ready to Transform Lives at a Clinic Where Individualized Care Meets Personal Growth?**

Medella Collective isn't just a clinic; it's a space for healing and growth not just for our patients but also for our team. We are a team where empathy meets expertise, and where each day brings a new opportunity to make a profound difference in our patients' lives. If your passion lies in whole body patient care, if you believe in treating the person, not just the symptom, and if you're eager to grow in an environment that values your development as much as our patients' health, you belong with us.

At Medella we're not just about physical therapy; we are a collection of services and providers committed to transforming the lives of our patients and employees. Our approach is functionally focused, our environment, caring, and our mission, impactful. We're seeking a Part-Time or Full-Time Physical Therapist specialized in Pelvic Floor Therapy as well as Orthopedic Care who embodies our core values.

### **About Us:**

Medella Collective specializes in treating active adults in the Weatherford community. We focus on the whole body, viewing each patient's journey through a lens of interconnected body systems. Our core values are the heartbeat of our practice:

- **Family First:** We prioritize the people within the company and their families, understanding that to care for others, we must first care for ourselves.
- **Grace Filled and God Honoring:** Operating with empathy, honesty, and integrity we care for each person who walks through our doors; seeking to honor the person God created them to be.
- **Functionally Focused:** We treat patients with the goal of restoring function by addressing the root cause of dysfunction.
- **Excellence:** We strive to provide excellence in all we do, from the first impression to each interaction with our patients and community.
- **Whole Life Health:** We recognize the whole person in front of us (physical, mental, emotional, and spiritual) and know that all areas must be addressed to live life abundantly. We seek to foster relationships with other providers in our community in order to best care for our patients.

### **Your Role:**

As a Physical Therapist with us, you will:

- Conduct in-depth assessments and treatments, with a focus on pelvic floor therapy and orthopedic care.

- Collaborate within a team that values innovation and holistic health.
- Be part of a nurturing environment where your growth is prioritized.

Before applying for this job, ask yourself:

- Are you tired of seeing 15-20 patients a day?
- Do you feel like you have more potential to care for patients?
- Do you want more freedom to treat the way you know you can help people?
- Are you waking up each day and just going to a “job,” but would love to wake up and go to your “calling” and your “purpose?”
- Do you want and need flexibility in your schedule?

If you answered yes to at least one of those questions, and you feel that you could be the perfect fit for Medella Collective. Let us know!

### **Why is this position so unique?**

- See a reasonable caseload (6-8/day), so that you go home feeling energized and happy about the work you did, not drained.
- Focus on your client. Spend 60 min(or longer in some cases) with your patients one-on-one. Get to know your patient, and build a deeper relationship.
- Easy documentation. We are 100% out-of-network with insurance companies, which means less restrictions and requirements.
- Unlimited earning potential and ability to grow with the company.
- You get to treat the patient on a full spectrum, from injury to wellness and beyond.

### **We Offer:**

- Competitive compensation

- Flexible scheduling to balance your professional and personal life.
- A supportive, low-stress environment that encourages growth and innovation.
- A chance to be part of a team that's changing lives in profound ways.

### **Ideal Candidate:**

- Licensed Physical Therapist in the state of Texas, specialized in Pelvic Floor Therapy, but also understands the connections to orthopedic issues
- Passionate about holistic, patient-centered care
- Strong Manual Therapy skills (visceral manipulation, craniosacral, or functional manual therapy training a bonus but not a necessity)
- Aligned with our core values, especially the integration of whole life health.
- Excellent communicator and personable.

If you're ready to join a team where you can be more than just a therapist, where you can be a life-changer, we'd love to hear from you.

### **To Apply:**

- Prepare your resume showcasing your qualifications, your dedication to physical therapy, and the energy you're ready to bring to our team
- Submit your application directly to **sarah@medellaco.com**
- Stay tuned for a follow-up, and we'll guide you through our straightforward, transparent interview process.

Join Medella Collective and make a difference, one patient at a time.
