

Job Description:

We are seeking a highly motivated and skilled physical therapist to join the community that our private practice gets to share in. We are a private-pay physical therapy practice. We are kind, fun, and adaptive. We treat the whole human system, seeking to treat the underlying problem, improve function, and get our patients/clients to enjoy the life that they get to live. We emphasize quality over quantity. We continuously work to identify each patient's unique needs. We seek the hidden existing potential in every person. We use manual therapy paradigms and associated techniques—primarily Functional Manual Therapy® (FMT)—to provide the best and meaningful results possible. We have professional long-term commitments to the members in the community. When patients and clients want to make an appointment, we are appointment only.

The ideal candidate will have a passion for helping patients to improve their quality of life and a commitment to delivering tender and exceptional patient care. This person constantly seeks the hidden existing potential in every person. This physical therapist treats patients and clients like human beings, ultimately providing a meaningful result at the end of each session as the product. The physical therapist will evaluate, develop treatment plans, and provide hands-on therapy to the unique needs of each patient and client.

To apply, you can email your resume, CV, and cover letter to the following email address:
