

IPA Physio

PORTLAND

IPA Physio Portland is seeking to hire a passionate, eclectic, manual therapist for a part-time (32 hours/week) progressing to full-time (40 hours/per week) position in our Portland, Oregon location.

About Us: We believe a well-trained Physical Therapist enhances our patient's lives and builds up our communities. We believe that every patient matters, and every person deserves to be treated with our utmost respect, with dignity, our full focus and to the very best of our abilities. We believe the current healthcare model stifles our opportunity to help patients discover their potential. We believe Physical Therapists have the power to be a catalyst for change in our broken healthcare system.

We choose to focus on our patient's needs, develop healthy patient-therapist relationships, and help our therapists to positively impact our community. IPA Physio provides outpatient services as an out-of-network provider in the context of hour long, one-on-one appointments. Take the time to "Discover Your Potential[®]" as a therapist without the rigorous documentation demands and insurance barriers to care taking over PT practices today.

We believe in lifelong learning through continuing education and that it is our responsibility to mentor the next generation of therapists. We want to mold great therapists into exceptional therapists. We offer in-services and generous continuing education dollars to each employee.

We are a relatively new Physical Therapy company that is anything but ordinary. We are constantly pushing the boundaries of innovation and strongly believe that our employees are what make the company great. We allow our employees a tremendous amount of freedom to perform at peak levels and engage in outside-the-box thinking.

Top Priorities:

- Create a safe, fun, family oriented and respectful work environment that is welcoming to staff and patients.
- To step up and be the solution and inspire hope in the lives of our patients.
- To create and build healthy relationships with all referral sources, solidifying a trusted network of medical professionals who embrace collaboration, mutual respect, and value patient outcomes above all.
- Our final priority is to build our presence on social media and the internet.

The staff physical therapist will be responsible for:

- Restore patient's function, alleviate pain, and prevent disabilities by planning and administering prescribed physical therapy.
- Help patients accomplish treatment plans by administering exercises, manual interventions, and using equipment as necessary.
- Instructs patients in proper in-home exercises and therapies.

- Accurately evaluate and record patient's progress, modifying treatment plans, and trying new treatments if required.
- Accurately document patient care services by charting in-patient records with completion of notes before the end of the day.
- Open and timely communication with referring physicians for updates via phone calls and written progress reports.
- Maintain clear and open communication with clinical staff with personal needs, patient updates, scheduling &, insurance authorizations.
- Maintain the clinic's operation by assisting in cleaning and general upkeep.
- Self-marketing through visits to local community health centers, physician or allied healthcare offices to discuss our services as well as conduct presentations and provide in house workshops.
- Creating content (videos, blog posts, social media etc.) may be required at times to assist in creating patient care tools or digital marketing.

About You: A flexible and adaptable personality is preferred. We value employees with a wonderfully positive and professional attitude that can help us create a fun and productive work environment at IPA Physio Portland.

You must resonate with our company's priorities and reflect them in your daily behavior. Excellent interpersonal communication skills are required to be successful in this role in order to relate to our patients. Candidates with the following qualifications strongly preferred:

- Two Years of experience as a practicing outpatient physical therapist
- Exceptional customer service skills and ability to work independently.
- Must possess excellent verbal and written communications skills.
- Ability to multitask, work and problem solve in a small team environment.
- Must be detail-oriented and set high standards for accuracy.
- Strong interpersonal, organizational, analytical, decision-making, and problem-solving skills required.
- Preference is given to candidates with women's health rehabilitation training/certifications.
- Preference is given to therapists who have had training in Functional Manual Therapy® through Institute of Physical Art. CFMTs or those registered for CFMT are highly desired.
- Must possess a valid driver's license.
- An updated license to practice physical therapy in Oregon is required prior to the start of employment.
- References from previous employers are required with your application.

If you value something different in healthcare, you exhibit the three behaviors we value and perform at peak levels, we would be interested in hearing from you!

Benefits:

- Clinical mentorship through bi-monthly in-services, direct observation of AAOMPT fellow and pre-arranged co-treats
- Guaranteed full time within three months of start date
- Competitive salary and bonus growth opportunities
- Optional IPA residency or fellowship (requires minimum 3 year commitment)
- Simple IRA with 3% matching
- Generous Continuing Education Stipends
