1525 Raleigh St, Ste 210, Denver, CO 80211

We are looking for a physical therapist to join our team in the Sloan's Lake area of Denver!

Peter Szymanski, PT, CFMT and Karen Voss, OTR, FOC, CHT founded our clinic in 2005. Our privately owned practice serves a wide variety of clients, including runners and other athletes, general orthopedic and post-surgical, work injuries, Medicare and Medicaid clients. We give our patients 60 minute evaluations, and 30-40 minute one on one follow up sessions.

In addition, we offer Running Well running form training, TPI certified golf fitness/performance and injury treatment, and Joint Wellness programs.

Our ideal candidate will have at least 1-3 years of experience, solid manual therapy and exercise/movement training skills, and a strong passion for learning. Interest in working with runners, dry needling certification, and interest in golf all are pluses. New grads with a strong background (IPA coursework and internships) will be considered. We offer regular inservices and mentoring sessions, as well as hosting IPA continuing education courses. This would be a great fit for someone working toward CFMT certification.

We offer a salary commensurate with experience and skill level, as well as Paid Time Off, strong Continuing Education benefits, Health Care coverage, and SEP IRA contribution.

If you feel you would be a good fit, please send your resume, cover letter, and references. Peter@LoHiPT.com 303-596-9317
